

Curriculum Vitae of

MD. RAISUL HASAN RAFI

UX/UI Designer

+880 1830-299003 @ getintouchwithrafi@gmail.com

To be able to work for an encouraging and stable company that will assist me in designing, improving, and obtaining the necessary skills in order to become the best designer possible.

I'm a UI/UX Designer with 5+ years of experience, as a UI/UX designer skilled in designing web & mobile applications UI design, websites UI design, landing page UI design, online ads, social media post design and e-newsletters. Also I can make clean & fresh wireframe, user-flow & perfect prototypes. I always love working with a technically strong team where I can collaborate to design unique and most trending UI design with a good balance of responsibility. Design is my passion and I love to do it.

Soft Skills

Critical thinking & Unique Design:

I always think Critically and try to design any UI design with fresh and clean wireframe and perfect prototypes which will looking awesome with efficiently.

Analytical skills:

I always evaluating and analyzing my client's wants and needs and be ready to adapt to any changes they'd like to see implemented on the design.

Clean and fresh design:

I always design any kinds of user interface which is most trending and unique. Also, I always make clean and fresh user-flow and wire-frames.

Design Expertise (5+ Years)

As a designer, I specialize in transforming creative ideas into stunning visuals across diverse categories, including:

- Branding and Identity: Designing captivating brand assets, including logos, brand guidelines, and cohesive visual identities.
- Print Design: Producing impactful materials such as brochures, business cards, flyers, posters, book covers, gift cards, and promotional items.
- Web Design: Creating visually appealing and user-friendly websites that blend aesthetics with functionality.
- User Interface (UI) Design: Crafting eye-catching and intuitive interfaces for digital platforms.
- User Experience (UX) Design: Applying user-centered design principles through wireframing, prototyping, and iterative refinement to ensure exceptional experiences.
- Social Media Graphics: Designing engaging and platform-specific visuals to elevate brand visibility and audience engagement.
